March 16, 2020

To: Flea Market Vendors
Re: Spring 2020 Flea Market Postponed

Normally, we would be mailing out vendor confirmations for our Spring 2020 Flea Market event at this time. But due to the COVID-19 pandemic and public gathering mandates, the March 28, 2020 event has been cancelled.

The Clackamas County Event Center has offered the date of June 27, 2020 as an alternate date for our flea market. We feel this should be a good time and have accepted their offer. We will also be holding our Fall Flea Market event on October 3, 2020. Of course, both of these dates assume the virus will have abated to the point where the public safety will not be compromised.

Enclosed please find a new application form and return addressed envelope. We are asking that each of you respond in one of three ways:

1. You will be participating at the June 27th event.
2. I wish to cancel my participation and receive a refund of my vendor fee previously paid.
3. I wish to participate in the October 3rd Fall Flea Market and apply my vendor fee to that date.

We have already assigned spaces to all participants for the spring event and those who postpone until June 27 will receive these same spaces. Also, those who defer until October 3rd will receive priority of space assignments.

In any event, we need to have a response from each of you choosing the appropriate response. Please return the enclosed application form clearly stating your option.

We are so sorry to have to postpone our event this time. It was promising to be better than ever. We had all spaces sold out and had good advertising and were expecting a very successful event. Our best wishes to all of you and hopefully everyone will remain healthy through this virus outbreak.

MISSION STATEMENT:

The Canby Historical Society preserves our rich heritage and inspires an appreciation and understanding of Canby area history.
